**Miami Beach, FL** – Locally owned Divine Enterprises announces today its new article: *Pope Francis Antipope of History?* Pope Francis does not appear to have the Catholic Faith. As one non-Catholic religion reporter states: “the Pope ‘*does not do God,*’ and he has a real problem with Catholicism.” He appears to be a member of 2 organizations that seek to subvert the Catholic Church: Freemasonry and Socialism. He also appears to be a homosexual.

My personal belief is that he is a Trojan Horse sent on a mission by Freemasonry and/or International Socialism to infiltrate and destroy the Catholic Church as it is, in order to use its organization as the hub for a new world religion. This will be in affiliation with the emerging Socialist one world government.

My article *Pope Francis Antipope of History?* is published on one of my websites called [RosesFromHeaven.com](http://RosesFromHeaven.com) . You can also view my new 13-minute YouTube.com video under the same name [Pope Francis Antipope of History?](#) You can also print a copy of this article in pdf format: [Pope Francis Antipope of History?](#)

**My solution to this problem:** He must be removed as Pope as soon as possible. Only an official Church body like the College of Cardinals or even a selected body of Cardinals and Bishops can do that.

There is no time to waste. A coalition of those willing to press for his removal must be organized without delay. We must contact the Cardinals and Bishops to have Pope Francis' election declared null and void, and then proceed with a new Conclave, or even return Pope Benedict XVI to the Chair of Peter. That will be up to the high clergy to decide what would be the correct decision to make.

Those wishing to act as a pressure group to get the Hierarchy to take action against Pope Francis should complete the [Contact Form](#) on the last page of this website.

I will be personally be in touch with you to elaborate on a specific plan of action to clamor for Pope Francis' removal.
